MAGNETIC TRIM DOWNLIGHT

DESCRIPTION

The MTD Series downlight is all about style made simple. Its clever magnetic trim system lets you instantly refresh the look of any space — just pop on a new finish, no tools required. With a slim modern profile and soft even glow, it blends seamlessly into any ceiling while giving you the freedom to adapt your decor whenever you like.

KEY FEATURES

- Interchangeable magnetic trims — 5 finish options, tool-free swap
- 5CCT color-selectable: 2700K / 3000K / 3500K / 4000K / 5000K
- High transmittance lens — smooth, comfortable light pattern
- Airtight aluminum body with iron trim for lasting quality
- 100%–10% dimming — TRIAC/ELV compatible
- JA8, IC rated — medium base housing or junction box
- ETL Listed — Wet Location rated — 50,000 hour lifetime
