

# INSTALLATION INSTRUCTIONS FOR LINEAR FIXTURES

## Installation Sheet

### IMPORTANT INFORMATION

- All electrical connections must be in accordance with local and national electrical code standards. If you are unfamiliar with proper electrical wiring connections obtain the services of a qualified electrician.
- These instructions should be read carefully and retained after installation for future reference and maintenance.
- Ensure all electrical connections are secure and that there are no loose strands.
- Do not install this product on newly plastered or damp surfaces.
- The LEDs in this strip light are not replaceable.

ALWAYS SWITCH OFF THE MAINS BREAKER BEFORE INSTALLATION OR SERVICING.

### SUGGESTED METHOD OF INSTALLATION

Read instructions and check that you have all the tools and accessories to complete the installation correctly.

#### STEP 1

Turn off power from main breaker before connecting. Unpack the luminaire and check that you have all the tools to install the luminaire safely and in compliance with current electrical standards. Ensure there are no obstructions or services in the way.

#### STEP 2

(a) Remove the wiring cover and connect wire, Connection image as 2b, then replace wiring cover.

(b) Connect the power wires into the 3-way terminal block. Ensure that the correct polarity is observed and the luminaire is fully grounded. Ensure all conductors are fully sleeved and insulated.

(c) Replace the wiring cover.

#### STEP 3

Mark in the ceiling, Drill, fix the explosion Screw.

#### STEP 4

Match the installation hole with ceiling screw, move left or right direction to make the fixture fixed.

#### STEP 5

Turn on main breaker.

This product may contain substances that can be hazardous to the environment if not disposed of properly. Electrical and electronic equipment should never be disposed of with general household waste but must be separated for its correct treatment and recovery. Where possible recycle your packaging.

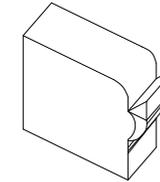

### CLASS I WIRING DETAILS

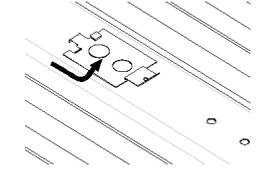

THIS IS A CLASS I PRODUCT AND MUST BE GROUNDED

1

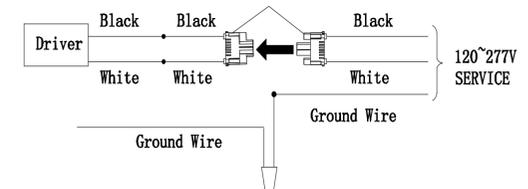

Turn off main breaker

2a

Remove the wiring Cover

2b

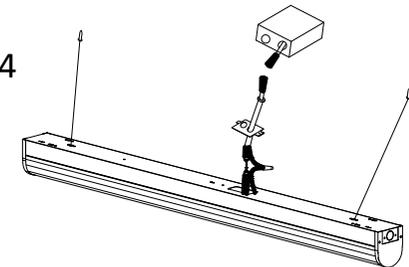

Connect Power Wire

3

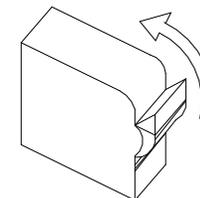

Fix Screw

4

Install the fixture

5

Turn on main breaker
