MTD SERIES

DESCRIPTION

The MTD Series downlight is all about style made simple. Its clever magnetic trim system lets you instantly change the look of your space — just pop on a new finish and your lighting feels completely refreshed, no tools or hassle required. With its slim, modern profile and soft, even glow, it blends seamlessly into any ceiling while giving you the freedom to adapt your décor as often as you like. Whether you're chasing a sleek minimalist vibe or a warmer, more classic touch, this downlight makes it easy to get the perfect look with just a quick switch.
